SEASONAL ADJUSTMENT TIMER SETTING:											
Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
20%	30%	40%	50%	80%	90%	100%	100%	100%	80%	50%	30%

- The above is a guide for irrigation scheduling only. Actual irrigation run times will vary depending on site conditions.
- Follow the Southern California Watering Index for more specific seasonal timer adjustment settings.
- To change run times: Set seasonal adjustment to 100%. Increase or decrease zone run times in 1 to 2 minute minute increments . Return seasonal adjustment to appropriate setting for time of year.
